TALKED OF THE BOARD

Council, Solicitor Clark and Colonel Hill Confer.

A TRIAL ON MONDAY EVENING

Doctor Marshall Explained the Case, Mr. Kent Was Opposed to It, Mr. Swindells Expressed an Opinion, and Mr. Burton Stated His Position—A Lively Meeting of Council Last Evening.

When President Berg glanced over the council chamber last night he saw every member in his place and Colonel Hill just outside the railing waiting an opportunity to defend the board of health.

He stated the object of the meeting and Solicitor Clark read the following communication while every councillor sat silently in his place.

To THE COUNCIL OF THE CITY OF EAST LIVERPOOL:

The members of the board of health whom you have notified to appear before you to answer certain charges, respectfully request, in order that they may specifically answer the same, that said charges be made more definite and certain by stating

First—What false representations it is claimed was made by said members of the board of health to the court.

Second—in what particulars said members of the board of health have neglected to do their duty.

Third—What expenditure of public money made by said members of the board of health were "unnecessary?"

Yours very respectfully,
FRANK E. GIFFOSSHANS,
Clerk of Board of Health.

Then Doctor Marshall arose, and remarked that to his mind the first charge was specific. He acknowledged that the others might be made a little plainer, but he had thought they all understood it well enough. If council, however, wanted to make the charges more plain he would stand with them, and vote that way. Colonel Hill said that the whole plea of the board was the fact that the charges were not specific. "Suppose the charge said that John Jones was guilty of a misdemeanor; would that be definite? You must state specifically what sort of a misdemeanor was committed. You must also state to the board in what way they were guilty of neglecting their duty, how they could have been guilty of unnecessarily spending money. Are there ever any unnecessary expenditures by the board? All the money spent has been approved by you except the amount ordered paid by the court. Any attorney will tell you that these charges are not sufficiently explicit for the board to render an answer." Then the colonel and Mr. Marshall had a few words concerning honor, and the doctor said:

"We are not lawyers, we have a solicitor to guide us who was kind enough to get out the mandamus against us. When we discussed this thing in council the question was asked if there was an alternative, and the solicitor said the court might issue one of two writs, but in the event of a peremptory writ we would have to pay forthwith. This we did. We did so under protest because we were given no opportunity to go into court and explain. I do not believe it is necessary to go now. I am willing to make those charges explicit, and give the board four or five days in which to answer. Regarding the charge of extravagance referred to by Colonel Hill, we willingly concede the charges piled up in the mandamus and Hutchinson cases as unwarranted. For that reason, there are plenty of grounds upon which charges can be brought and we can make them as specific as the board desired."

Councilman Kent said "the remarks of Mr. Marshall are good and in place. If all were true it would be well enough to follow his advice. I am one of council to think it right for the board to take action. I have asked business men, and take as an example a bill sent by a business man. Suppose it was sent back for correction, and if there was nothing wrong there would be no opportunity to rectify it, and that is the way with council. This body returned those bills twice. The board is aware that other grounds and not the items of the bill were the cause. I for one will vote against the prosecution. It is all done with a desire for satisfaction, and it is nonsense to say that we want to vindicate ourselves. The same trouble was experienced in former years, and by other councils." Then by way of illustration the member who is not with council related a little story of how a faithful band spent

\$300 attempting to make Liverpool a city and eventually gave in, applying the tale to the position of the board and council.

Mr. Owen said: "Mr. Kent might not have been here when the bills were sent back, or he would remember that they were not certified. One bill had no signatures at all. Council ordered them returned with proper certification. When the board knew that council were wrong why did they not come or send their clerk with the information instead of rushing to Lisbon and hunting the court house. That certainly does not look like a friendly feeling."

"It seems that Mr. Owen is laboring under a misapprehension," said Colonel Hill. "Other bills in the list were the same as the one he specified. Part of the items on some of these bills were ordered paid, and portions of the bills were refused. Why were they not all paid, or all refused?"

"The bills are as Mr. Owen says," remarked Mr. Swindells as he addressed the chair. We sent them back for certification. One bill from the Tribune had no signature whatever, and that is the reason why we refused to pay. I didn't see it again until after the mandamus proceedings were over. When we get bills from the board these days they are all certified properly."

Solicitor Clark—I have been a close observer in this case, and I do not think on the same line with some people. I am satisfied that there is no

feeling between the two bodies, although there is an honest difference of opinion. Each has public duties and each represents the public. In 15 years time after time again these differences have arisen. On one occasion the excitement ran so high that it was found necessary to bring both bodies together when it was found that neither was doing wrong intentionally.

The night the bills were referred back I was waited on by members of the board, who said what would be done if the bills were not paid. I was

made aware that they had an attorney, and agreed to explain to council the duties of the two bodies. I told council what would be done, explaining the matter fully. After council adjourned, I advised the mandamus, but not to humiliate the members of council. It was done for the welfare of this and future bodies. I stand here on my feet ready to answer to God almighty that nothing was done regarding certification at council meeting. I saw the Tribune bill, and I know that it was not on the mandamus list, although the bills coming from the Hutchinson case and the East End family were among the number. This outcome is not your fault, nor yet is it mine. It is the fault of the law, and as good citizens we must obey the law. At the last meeting when those charges were brought I told you the board had the right to defend itself. You must give the members that right, for it belongs to them. I am bound to prosecute the board if the case leaves the city, and will do so without fear or favor, but under the impression that we will come out at the little end of the horn, even though I am satisfied that council is honest and doing its best. If the charges are made more specific and the board refuse to appear, fearing prejudice, the case must go to court, and you must bring testimony to convict or acquit. Then you must appoint a new board, as it is necessary and we can't get along without it. Then you will have two boards, and the supreme court will have to decide which is in power, and the whole thing must be gone over. I mean no reflection, but can not refrain from saying that the local board with the state board at its back and the assistance of the attorney-general and Colonel Hill, with me opposing them, will beat us. It is said I am on the outs with council, but I am not. No matter if I am, both have prerogatives, and in this case we will fight a board with unlimited power, surrounded by statutory law, and be defeated."

"It looks as if we were going to be beaten, don't it?" said Mr. Burton. "We have a fine board of health, haven't we? A paper says that the balance of council, except Marshall and Owen, will be whipped into line. I want to say that no man can whip me into line. No councilman or official has a right to put in a bill, and the Chambers bill in this instance is an imposition."

There was a nod of approval from other members of council at these words, and Dr. Marshall asked the solicitor if the board had the right to clean out the Hutchinson vault, fill it up and make the sewer connection, charging it to the property as taxes, and Mr. Clark said yes.

"Then," said Doctor Marshall, "the only reason the charges are brought

THE SOLICITOR'S FAULT

Mayor Gilbert Blames Him With Sullivan's Acquittal.

SAYS NO DEFENSE WAS MADE

And That the Solicitor as Good as Said There Was No Case—Ordinance Does Not Include Dow Law—Dispute About Doors.

Although city hall is quiet enough today without a prisoner behind the bars, and not a single arrest since last Friday, the authorities have plenty to talk about, and the Sullivan case takes no unimportant part.

Mayor Gilbert does not propose to bear the blame of having given a wrong verdict in the liquor case, but very deftly shifts the burden to the solicitor's shoulders. The opinion of the officers, who claim a precedent was established by declaring Sullivan not guilty, is productive of the statement that no defense was made by Mr. Clark. The mayor admits that he might have been wrong, as any official is liable to make an improper ruling, but says he had no other course to pursue. The witnesses swore that they did not purchase liquor, although they were in the room next the bar: Sullivan swore that the room was used as private by the family as well as a loafing place and finally the ordinance does not include the Dow law, and a similar ordinance was defeated in Columbus only the other day.

Therefore the mayor cannot see how he would be justified in convicting the saloonist. "Why," said the mayor this morning, "did not Clark make some sort of defense if there was any? He as good as said there was no case, so I will not assume the responsibility in the matter. I did what I thought was right and no man can do more."

EXPERIENCES IN FLORIDA.

Reverend Huston and His Party Enjoying the Sunshine.

DEAR NEWS REVIEW—We went from DuFuniak to Jacksonville on a sleeper that had been in use for 20 years, almost long enough to vote. I could not see that this venerability made it any better riding. In fact Drummond says he almost fell out of his birth. We were surprised to see the apparent enterprise in Jacksonville and the more because of the contrast to what we have seen of the state of Florida. My old friend, Brother Rader, formerly of the East Ohio conference, has recently been appointed pastor of our church in this city. Someone showed wisdom on selecting a location for the church and parsonage here. It is central and right opposite the public park. I was disappointed in not meeting my friend, but he had gone to bring his family and effects to "the new appointment." We took the train for Ocala for the purpose of going down the Ocklawaha river. A number had recommended this trip to us in most glowing terms. Yet their descriptions, as we see, did not equal the reality. Stopped at Ocala overnight. Found the Ocala here as we did the Windsor at Jacksonville, with an elegant service. Ocala is a beautiful little city with many fine residences. Met a gentleman and his wife from Brooklyn; together we took a carriage, and after looking over the city were driven to Silver Springs, where we were to begin our boat ride. The breeze was very exhilarating after such a long ride on the cars. The scenery along the way is exquisite, but the land so poor that it was a question how the people lived. It is hard for the pigs to find sustenance, and there is a breed, many of which we saw in the forests, very properly called razor-backs. Their heads look too large for their bodies and it is said (I do not vouch for this) when rooting the head sometimes overbalances and they fly up behind. We had a man take us around Silver Springs, where we were to begin our boat ride. The breeze was very exhilarating after such a long ride on the cars. EAST LIVERPOOL, O., TUESDAY, MAR. 5.

NOTICE TO THE REPUBLICAN VOTERS of the City of East Liverpool and Liverpool Township.

The Republican primary election, for the nomination of candidates for municipal and township offices, will be held

SATURDAY, MAR. 16, 1895,

Between the hours of 1 and 6 o'clock p.m. (standard time). The names of the candidates must be filed with the undersigned secretary of the Republican Central Committee not later than 8 o'clock p.m. of March 15, to allow sufficient time for printing the tickets. No name can be received after above date.

A separate ballot box will be procured for ladies who desire to vote for members of the board of education.

By order of the CENTRAL COMMITTEE.
W. L. SMITH, Chairman.

J. N. HANLEY, Secretary.

For President,
WILLIAM MCKINLEY,
Of Ohio.

A LOT of padded nonsense, accompanied by a liberal display of rewritten slush, does not make a newspaper.

MR. G. CLEVELAND will breathe easier now that his fiery, untamed team is laid beneath the sod.

EAST LIVERPOOL can well be proud of its advancement, and can afford to smile at cities less fortunate in this line; but it will never be a model until some new method of consuming garbage is adopted.

PROFESSOR WILSON, TUTOR.

The American Economist goes after Willie Wilson in this manner:

"American labor has, in the past two years, obtained thorough education in the great school of experience, Professor Wilson presiding. Having taught his pupils how to become idle, the professor should now show them how idle people can maintain their families of hungry and thinly-clad children without money. He owes this to the suffering multitudes who have fallen victims to his cranky, mischievous heresy; will he not attempt to pay the debt? The one great fact, worthy of especial note, brought out in the professor's demonstrations, is that protection gives the workingman employment, while free trade takes it away from him. This is not good for workingmen; it is not good for anybody."

THAT PROPOSED HOSPITAL.

There seems to be some halt in the movement for a hospital, which will not work wonders in helping the project along. When Doctor Marshall made the suggestion in council, and the idea went through with a rush, it was expected that all the physicians and the board of health would immediately move in the matter. The general public looked upon the project as commendable, and were in the right frame of mind to move with it, lending every aid in an endeavor to make it a success. When the subject seemed to have dropped out of sight, the people ceased inquiry, and but little was heard of it. It now remains, if the project is to be successful, for all who are interested to put their shoulder to the wheel. Let the city be in position to show the legislature that we are in earnest, when we ask for an appropriation, or there is a probability that the law makers will drop the bill into the most convenient basket. No hospital was ever established, or any other good work carried out, without earnest, energetic work.

Knights of the Macabees.

The state commander writes us from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience prove that it cures where all other remedies fail." Signed F. W. Stevens, state com.—Why not give this give this great medicine a trial, as it is guaranteed and trial bottles are free at T. L. Potts' drug store. Regular size 50c and \$1.00.

SIBLEY THE NOMINEE.

FOR SUNDAY OBSERVANCE.
W. C. T. U. at Wheeling Wants Butchers Shops Closed.

Silverites Will Run Him For the Presidency.

HE HAS CONSENTED TO RUN.

The Retiring Pennsylvania Congressman Consents to Head the New Third Party. Nominating Conventions Done Away With—Address Soon to Be Issued.

WASHINGTON, March 5.—The meeting of members of the American Bimetallic League, which has been in progress here during the last two weeks, will very soon issue an address to the American people asking their support for a new party, having for the principal planks of its platform the free and unlimited coinage of silver at the ratio of 16 to 1, and demand that the money of the

Butchers' association have taken a step against the movement, and have published their views of the matter, which are very emphatic. They claim they are unable to keep meat from Saturday to Sunday, and one man who published a card requested the ladies to attend to their own affairs. The members of the Butchers' association have refused to act, and in a few days the ladies will make an appeal to the chief of police.

Accused of Election Bribery.

NEW YORK, March 5.—Among the indictments returned by the Kings County grand jury is one against John T. Ford, justice of the peace of Flatlands, charged with accepting a bribe of \$1,500 from Frederick Lempken for his vote for the giving of a franchise to the Flatlands Electric Light and Power company to light the town, and one against John Schenck, town clerk of Flatlands, indicted on a similar charge, and two against Lempken for giving the

copy at or before 9 O'CLOCK.

Of Ohio.

A LOT of padded nonsense, accompanied by a liberal display of rewritten slush, does not make a newspaper.

MR. G. CLEVELAND will breathe easier now that his fiery, untamed team is laid beneath the sod.

EAST LIVERPOOL can well be proud of its advancement, and can afford to smile at cities less fortunate in this line; but it will never be a model until some new method of consuming garbage is adopted.

The address will inaugurate a new feature in American politics, by doing away with the old system of nominating conventions, and will call upon the people themselves to nominate candidates for the offices of president and vice president of the United States by petition. It is argued that delegates to nomination conventions do not always represent the views and wishes of the people sending them, and it has therefore been decided that the people themselves, in their own names, shall for once name their candidates. The address will also place in nomination Joseph C. Sibley of Franklin, Pa., whose term as representative in congress from the Twenty-sixth district has expired.

Mr. Sibley declined to run for reelection last fall, preferring to retire to private life, and it was only at the urgent and persistent solicitation of the members of the conference that he finally consented to head the movement for a new silver party. The league has had in conference here during the last two weeks leading silver men from 24 states and territories, and the decision to ask the voters of the country to lay aside their allegiance to the old parties until the great fight for silver had been won, was not arrived at without much deliberation and consultation with the silver leaders in all sections of the country.

THE LAST BILL SIGNED.

LOS ANGELES, March 5.—Samuel A. Browne, Sr., of Kalamazoo, Mich., the well-known horseowner and breeder, has died here.

THE MARKETS.

PITTSBURG, March 4.

ROYAL BAKING POWDER CO., 106 Wall St., N.Y.

PINGREE IS DOWDED.

His Health Officer Forcibly Ousted In Detroit.

FIRED OUT BY THE POLICE.

The Mayor Very Angry Over the Culinma-
tion of His Famous Controversy With
Physicians and Citizens of Detroit—The
Matter in the Courts.

DETROIT, March 5.—Detroit's health board row culminated in a sensational scene last night, the result of which is that the old health board, appointed by Mayor Pingree, is ousted from the health department building, while the new board, appointed by the governor under the new law, enjoys full possession of the premises. The new board was advised by City Counsellor Speed that it was entitled to possession. Later a request was addressed to the police commissioner asking the co-operation of the police in protecting the new board in obtaining its official rights. After taking legal advice the police authorities decided to furnish the protection desired. Last evening the four members of the new board, with Police Captain Martin, Dr. S. P. Dufield, the new health commissioner; Sergeant Andrews and several patrolmen and reporters proceeded to the health department building. The watchmen were inside the health building.

When the reporters knocked for admission the door opened and all rushed in taking the watchmen by surprise. Health Commissioner McLeod, appointee of the Pingree board, was telephoned for. When he reached the building he refused to give up his keys or tell the combination of his office safe. After a long discussion over the merits of the case he was forcibly led out of the building by a policeman. The new board left several patrolmen and one or two old employees in charge of the building for the night. Mayor Pingree and Mr. McLeod are harsh in their criticisms of the police for assisting in what they allege was a high-handed outrage. Injunction proceedings have been begun against the old board, but the new turn of affairs will leave the burden of the fight upon the old board.

This is the culmination of a sensational controversy, in which Mayor Pingree is the leading combatant. McLeod, who is a famous insanity expert, was Pingree's appointee as health officer. He blundered in that he diagnosed smallpox cases as suffering from some minor disease and failed to isolate them. Physicians and citizens tried to have him removed but Pingree clung to him. They finally got a bill through the legislature, placing the power of removal with the governor, who removed McLeod and appointed a new health officer, much to Pingree's chagrin, who sought the measure.

Reported Corruption in Omaha.

OMAHA, March 5.—The grand jury reports that the police force is corrupt and crowned with bribe-takers and it is to be investigated. At the session of the board of police commissioners Chief of Police Seavey presented a communication asking that his official acts be investigated. He also asks that he be relieved from duty until after the investigation and until judgments are pronounced. The request was made by the chief on account of rumors concerning the charge of his having received money from gamblers and keepers of houses of ill-fame. He was suspended and a public investigation determined upon.

Church People Opposing It.

PERRY, O. T., March 5.—The bill legalizing prizefighting, which has a fair chance of becoming a law in Oklahoma, has caused a sensation here among sporting people. A purse will be offered for Corbett and Fitzsimmons to fight in Perry if the bill, which has passed the house and probably will pass the council, becomes a law. The church people are opposing the bill and the people of Governor Renfrow here say we will veto it.

Killed in a Mine.

SHAMOKIN, Pa., March 4.—George Drumheller has been instantly killed at Buck Mine. A quantity of water in an abandoned chamber broke through the face of the breast in which he was at work and hurled him down the man-

Neogres and Cadets Fight.

OPELKA, March 5.—The little college town of Auburn, seven miles south of this place, was thrown into a state of excitement by a collision of cadets and negroes, and a riot was barely averted.

Nearly 100 shots were fired.

To Escape Mob Violence.

NASHVILLE, March 5.—J. Russell, charged with killing Dr. Hugh Waters, a prominent physician of Wilson county, has been brought to this city and placed in jail to escape mob violence.

Accused of Stealing Hogs.

WASHINGTON C. H., O., March 5.—John Fox, colored, of Wilmington, O., has been arrested on the charge of stealing dead hogs from Dahl & Tyson, fertilizer manufacturers. It is alleged that Fox stole the hogs at night and sold them back to Messrs. Dahl & Tyson the next morning.

Resulted in a Draw.

MONTREAL, March 5.—Five thousand persons witnessed the 10-round glove contest between Martin Costello of Montreal and Billy Woods of Denver at Schmer park, which resulted in a draw.

OVER \$5,000 STOLEN.

Robbers Terribly Torture a Whole Family Near Toledo.

TOLEDO, March 5.—Jacob Shonbrick, living 30 miles northwest of here, has been brutally tortured and robbed. He is a well-to-do German farmer, who has kept his money about his premises. About dawn four men, masked, entered the house, first bound and gagged the 15-year-old daughter, who slept in a room off the kitchen. The others were then seized. The 12-year-old boy and the elder daughter were bound and gagged and tied to a chair. The old man and his wife were easily overpowered.

The old man was ordered to point out the hiding place of his money. He denied having any, but one of the men told him if he repeated that story his head would be blown off. He then took them to his sleeping room and tore up the carpet under the side of the bed next to the wall and brought out about \$1,200 in bills. Three of the men were about to leave, when the leader told them he knew there was more than that in the house. The old man denied it.

The cookstove was filled with wood, and soon a red-hot fire warmed up the room. The men then took the old man and held him over the flames, after removing the lids, burning his feet and the caves of his legs terribly. He remained obdurate. Again they held him over the stove, until the pain caused him to faint. They then seized Mrs. Shonbrick and threatened the daughter, with indignities, but all denied knowledge of any more money in the house.

The men then took the old woman and held her over the flames until she was terribly burned. She refused any information. Again they raised her over the stove, when she screamed that she would tell where the rest of the money was hidden. She was then so badly burned they were compelled to carry her.

She directed them to the cellar, where, under a barrel, was concealed over \$4,000, which they took and hastily left the house.

OKLAHOMA INDIANS EXCITED.

They Threaten Death to an Indian Who Paid Taxes.

PERKINS, O. K., March 4.—The Iowa Indians in this country are in a state of great excitement and are talking of taking summary and violent means to do away with one of their number—John Amble, who lives five miles southeast of this place.

Some time ago the authorities decided to assess the property of all the Indians for the purpose of taxation. The Indians at once proposed to resist this plan, and an agreement was made among the members of the tribe not to allow any valuation to be made. Last Saturday John Amble broke the agreement, and the Indians, it is reported, are going to deal with him as a traitor after the Indian fashion—torture.

WILL Become an Independent Line.

PHILADELPHIA, March 5.—The belief is gaining ground that before many months have elapsed the Philadelphia, Reading and New England railroad, better known as the Poughkeepsie Bridge system, will cease to be a part of the Reading Railroad company's system, and that this connecting link between the anthracite coal regions of Pennsylvania and the New England states will again be operated as an independent line.

The Smallpox Under Control.

LITTLE ROCK, March 5.—Dr. R. G. Jennings, secretary of the state board of health, reports that the local physicians have the smallpox under control at Hot Springs. There are now 47 cases in the pesthouse, 16 in the city and two outside the city limits. There have been five deaths in the pesthouse in the city and one outside the city limits.

Port Deposit Out of Danger.

BALTIMORE, March 5.—A dispatch from Port Deposit says the danger threatening the town from the gorge in the Susquehanna river no longer exists. The waters have receded, giving a much-needed relief to the inhabitants, who have now no more dread of the destruction of their homes, and possibly of their lives.

Shot by Robbers.

CHIPPEWA FALLS, Wis., March 5.—Two well-dressed men entered the store of A. Moses, and after buying a revolver had it loaded, and then coolly shot him when he went to make the change, and made good their escape with \$100. Moses is badly hurt.

Bezenai a Winner.

CINCINNATI, March 5.—Engene Bezenai has been declared winner over Jack Bain in a 10-round glove fight for a percentage purse before the Fairplay club. They fought at 125 pounds each and were well matched.

Non-Union Men Put to Work.

NEW YORK, March 5.—Nearly 200 non-union electrical workers have been put to work by the contractors. These were distributed at the different buildings left by the strikers and will finish the contracts as soon as possible.

The Sheep Gets Away.

CHARLESTON, March 5.—An unknown sloop put in here with ten barrels of contraband whisky, which was seized by constables shortly after it was landed. The sloop ran out to sea and escaped.

Hohenlohe's Son Betrothed.

BERLIN, March 5.—Prince Alexander von Hohenlohe, the youngest son of the chancellor is betrothed to the Princess Emanuela, widow of Prince George of Salm-Schraufens.

The Weather.

TOLEDO, March 4.—At the fourth annual convention of the Independent Order of B'nai Brith, the following officers were elected: President, Leo Wise, Cincinnati; first vice president, S. S. Kiser, Indianapolis; second vice president, Lee Loevenhorst, Lexington, Ky.; secretary, Victor Abraham, Cincinnati; treasurer, M. Bauer, Cincinnati; sergeant-at-arms, Henry Harmon, Columbus; messenger, Joseph Mayer, Cincinnati.

New Officers Elected.

TOLEDO, March 4.—At the fourth annual convention of the Independent Order of B'nai Brith, the following officers were elected: President, Leo Wise, Cincinnati; first vice president, S. S. Kiser, Indianapolis; second vice president, Lee Loevenhorst, Lexington, Ky.; secretary, Victor Abraham, Cincinnati; treasurer, M. Bauer, Cincinnati; sergeant-at-arms, Henry Harmon, Columbus; messenger, Joseph Mayer, Cincinnati.

Accused of Stealing Hogs.

WASHINGTON C. H., O., March 5.—John Fox, colored, of Wilmington, O., has been arrested on the charge of stealing dead hogs from Dahl & Tyson, fertilizer manufacturers. It is alleged that Fox stole the hogs at night and sold them back to Messrs. Dahl & Tyson the next morning.

Resulted in a Draw.

MONTREAL, March 5.—Five thousand persons witnessed the 10-round glove contest between Martin Costello of Montreal and Billy Woods of Denver at Schmer park, which resulted in a draw.

A FARREACHING DECISION.

Edison Beaten in a United States Supreme Court Decision.

WASHINGTON, March 5.—The decision of the supreme court of the United States unanimously sustaining the decision of the lower court in the case of Bate Refrigerating company against Sulzberger, is probably more farreaching in its influence and effects a larger amount of property than any decision of the court since the "Greenback" cases were disposed of.

This decision not only settles the controversy between the parties directly interested, viz: The General Electric company and the American Bell Telephone company on the one side and the Westinghouse and the Anti-Bell Telephone companies on the other side, but also disposes of a very large number of other patents. The decision is against the position taken by the General Electric company and the American Bell Telephone companies and those associated with them, upon the appeal, and affirms the decision previously rendered by the United States circuit court in this circuit, holding that the term of an American patent expires with the term of any prior foreign patent for the same invention, whether the application for the American patent is filed prior to such foreign patent or not.

This decision terminates the three Edison patents for the carbon transmitter owned by the American Bell Telephone company, by which it hoped to extend its control for 25 years more, as would have been the case had the decision below been reversed. A considerable number of very broad patents owned by the General Electric company are also disposed of by this decision, including Mr. Edison's patent upon the incandescent lamp, regarding which there has been so much litigation, and also his patent on the "Multiple Arc" system of distribution, and his patent on the socket for incandescent lamps, which was recently held to be valid by Judge Cox.

The cookstove was filled with wood, and soon a red-hot fire warmed up the room. The men then took the old man and held him over the flames, after removing the lids, burning his feet and the caves of his legs terribly. He remained obdurate. Again they held him over the stove, until the pain caused him to faint. They then seized Mrs. Shonbrick and threatened the daughter, with indignities, but all denied knowledge of any more money in the house.

The men then took the old woman and held her over the flames until she was terribly burned. She refused any information. Again they raised her over the stove, when she screamed that she would tell where the rest of the money was hidden. She was then so badly burned they were compelled to carry her.

She directed them to the cellar, where, under a barrel, was concealed over \$4,000, which they took and hastily left the house.

CINCINNATI CATHOLICS MAD.

They Denounce Church Dignitaries Over the Farwell Affair.

PERKINS, O. K., March 4.—The Iowa Indians in this country are in a state of great excitement and are talking of taking summary and violent means to do away with one of their number—John Amble, who lives five miles southeast of this place.

Some time ago the authorities decided to assess the property of all the Indians for the purpose of taxation. The Indians at once proposed to resist this plan, and an agreement was made among the members of the tribe not to allow any valuation to be made. Last Saturday John Amble broke the agreement, and the Indians, it is reported, are going to deal with him as a traitor after the Indian fashion—torture.

THE PATRIOTIC SOCIETY OF AMERICA.

PHILADELPHIA, March 5.—The belief is gaining ground that before many months have elapsed the Philadelphia, Reading and New England railroad, better known as the Poughkeepsie Bridge system, will cease to be a part of the Reading Railroad company's system, and that this connecting link between the anthracite coal regions of Pennsylvania and the New England states will again be operated as an independent line.

ATLANTIC TEA CO.

We Lead.

Let Those Who Can Follow.

TALKED OF THE BOARD.

CONTINUED FROM FIRST PAGE.

is because they do not observe the law. It is only chance that the board was not censured by the jury in the case. Council can obtain evidence that the board neglected its duty by not going on and filling the contract after it had agreed to do so. Would not that convict? and the solicitor thought it would. Continuing Doctor Marshall said:

"On Jan. 11 the board passed a resolution and served it on Hutchinson, which ordered the place cleaned out by Jan. 21, or it would be done and the amount charged to the property. On Jan. 12 I went to Officer King and Dr. Ogden, and told them Mrs. Hutchinson was under my charge, saying that regardless of personal feeling they should do their duty, and they did. They went to the place and King changed the date to Jan. 15 on the papers, erasing the board of health and putting the words 'I will,' and the two officials signed it. Now this is the evening of March 4, and that vault has not yet been cleaned. It is still a stinking, rotten nuisance. If we can't convict on this, we can't convict at all."

"I heard Studenroth say," said Colonel Hill, "that the board was right, and it should be cleaned right away. The next Tuesday he was a dead man. He said he had never been notified except once, and Hutchinson was only his tenant."

"I heard Officer King swear on the witness stand," retorted Doctor Marshall, "that he had notified Studenroth again and again. Why did not the board put in that sewer and charge it up as taxes? I do not object to their action because they imposed on Hutchinson, but because they did not do their duty. Possibly it is all right. It may be that we only know the shenanigan part, and if we knew the remainder it might be clear at the noon-day sun. That is why we want an investigation, and it is why we are going to have it."

Solicitor Clark thought it might be all right, and Colonel Hill said it might be right. Then the solicitor thought they might do more by quiet talk since the vault had not done any great damage in this cold weather. It had all been talk, fireside talk, among two classes prejudiced and ignorant. The board and council should do their duty regardless of what every little dog barking about the streets had to say.

Doctor Marshall—Mr. President, I move that the communication be accepted, and the charges made more specific.

The motion was immediately seconded by Mr. Burton, but before it came to a vote Colonel Hill raised the question of council being a disinterested tribunal. The law, he said, demanded a trial before a disinterested court, and to prove it the law was read. He illustrated by saying that if he should meet the mayor on the street, and they would fight, would it be right to try him before the mayor? He did not think the city would look upon a verdict coming from council as an honest verdict in this instance. Aside from all feeling, he believed the board and the solicitor had done their duty.

"While the statutes say that the case can go to court," said the doctor, "they also give us the authority to try the board. What Colonel Hill just read was more applicable to crime, and the board are not criminals." Colonel Hill interrupted him with the question, if misfeasance was not a crime, and the doctor replied by reading the law. Solicitor Clark gave some advice in the conciliatory strain he had adopted earlier in the evening, and Mr. Owen said it was not the desire of council to take the board to court. They simply wanted the bodies to get together, and have an explanation. "We expected to have settled it right here."

"If the board take a notion, they can carry this case up," said President Berg. "Although they were too quick to go to court, and the thing was never done before, I do not think there is any personal feeling. We represent our constituents, and I want to see justice done by the taxpayers. There should not be a cent of unnecessary expense paid by them."

Swindles—if it goes to the supreme court we will encourage what we blame in the board, unnecessary expense. I believe council is vindicated, and the board is not. The board have been criticized by the community at large, but I'll stand by council if we decide to make the move.

Doctor Marshall explained that his motion was not to go to court, but to try the case right here, and Kent asked what would be done if the board failed to come. To this the doctor replied that the statutes told how to compel them, and Clark recalled the necessity of an ordinance before the board or any other officials could appear before council. After more discussion the motion was put and carried Horwell and Kent voting nay. As Colonel Hill insisted on the date of trial it was agreed that a committee should specify the charges to

TO PUT ON

needed flesh, no matter how you've lost it, take Dr. Pierce's Golden Medical Discovery. It works wonders. By restoring the normal action of the deranged organs and functions, it builds the flesh up to a safe and healthy standard, promptly, pleasantly and naturally. The weak, emaciated, thin, pale and puny are made strong, plump, round and rosy. Nothing so effective as a strength restorer and flesh maker is known to medical science; this puts on healthy flesh not the fat of cod liver oil and its filthy compounds. It rouses every organ of the body to activity, purifies, enriches and vitalizes the blood, thus the body feels refreshed and strengthened. If you are too thin, too weak, too nervous, it may be that the food assimilation is at fault. A certain amount of bile is necessary for the reception of the fat foods in the blood. Too often the liver holds back this element which would help digestion. Dr. Pierce's Golden Medical Discovery stimulates tones up and invigorates the liver, nourishes the blood, and the muscles, stomach and nerves get the rich blood they require.

Spent Hundreds of Dollars with no Benefit.

M. J. COLEMAN of 117 Sargent St., Roxbury, Mass., writes: "After suffering from dyspepsia and constipation with undulant agony for at least 18 months, I am now in much better condition to say that after using Dr. Pierce's Golden Medical Discovery and Pleasant Pills for one month, I was entirely cured, and from that day to this I do not know, thank God, what even a slight headache I paid a doctor on Tremont St., Boston, in one day (for his advice only) the sum of \$10.00 with \$1.50 for medicine, and doctor's fee. M. J. COLEMAN, Esq., Boston, sends more relief in one hour from your medicines as far as my stomach was concerned, than from all the other medicines I used."

If any person who reads this is suffering from dyspepsia or constipation and will use these medicines as I have done, he will never regret it."

night, and the board should appear Monday evening. The clerk will serve notice on the clerk of the board, and he in turn will notify the members.

PERSONAL MENTION.

—Jos. E. Barton, of Akron, was here on business yesterday.

—Will Sebring, of East Palestine, is here visiting relatives.

—Will Franks, of Pittsburgh, called on friends here today.

—Ed Cook left this morning to resume work in Zanesville.

—William Chisholm was a Pittsburgh business visitor today.

—Mr. Wasbutzky, of Market street is in New York on business.

—Miss Laura Rowe, of East Palestine, is here visiting friends.

—Superintendent Sliter went to Salineville on business this morning.

—Walter Mannington, of Cleveland, called on friends here last night.

—French Kerr was in Beaver yesterday looking after business matters.

—James S. Rinehart, of this city, was in Wheeling on business yesterday.

—Mr. and Mrs. David Boyd left this morning for a visit with Pittsburgh friend.

—Mrs. Herbert Hershey, of this city was the guest of friends in Toronto yesterday.

—T. L. Potts will leave in a few days for a trip in the interests of the Union pottery.

—Harry Wallace, of Wallace & Chetwynd went to Bridgeport on business this morning.

—Andrew K. Morrison, of near Malvern, was the guest of friends in this city yesterday.

—Mrs. Mary A. Loch returned to her home in Kittanning today after visiting friends here.

—Miss Remus, of Allegheny, has returned to her home after a pleasant visit to friends in this city.

—J. S. Ashbrooke, a well known traveling salesman from Steubenville, was here on business last night.

—James Miller, a prominent resident of St. Mary's was calling on acquaintances in this city last night.

—John S. Thompson and W. P. Lewton, of Salineville, were last night the guests of Ross Robbins this city.

—Mrs. Minehart, mother of A. G. Minehart, returned to her home in Brownsville this morning after a visit in this city.

—Manager Woods, of the Armour company, returned on the midnight train from several days business visit in Pittsburg.

—Mrs. James Jamison, of Steubenville, who was attending the funeral of a relative at East Liverpool yesterday, stopped off on a short visit to Toronto friends today.—Toronto Tribune.

—Mrs. Sarah Johnson and Miss Rhodie Higgins, of Steubenville, who have been at the bedside of Miss Belle Johnson who came here from that city and was taken ill, returned home this morning. The young lady's condition is worse today.

Well Started.

William Erlanger, who is bound for Germany, left Baltimore on Saturday for Philadelphia, and will leave there the end of this week for New York, from which place he will sail March 12 on the North German Lloyd steamship Havel for Bremen.

For Rent.

House of four rooms. Call on Mrs. L. C. Jackman, Washington street.

Some Afflicted Ones.

James Hilbert is able to walk out again after a painful struggle with rheumatism.

Miss Blanche Paul is ill at her home on Seventh street. Typhoid fever is the cause.

Mrs. George C. Murphy is convalescent, and is now able to be about her room.

The infant child of William Adams, Seventh street, is ill with tonsillitis.

Children's Day.

By the earnest request of numerous heads of families in our city, children's day will be given at the Fine Art Studio, First National Bank building, on Saturday, March 9. All children under 15 years of age will have their photos taken at \$2 per dozen on that day only. Cloudy weather good as sunshine. Take the elevator and step into the studio.

To Second Ward Voters.

Mr. John E. Anderson, of the Second ward, is a candidate for nomination for the berth of assessor. He is an earnest and intelligent worker, and will fill the bill to a niceety, and to the entire satisfaction of constituents. We solicit your votes for Mr. Anderson, confident that he is the right man for the position.

SECOND WARDERS.

Elected Directors.

The stockholders of the Potters' Building and Savings company elected directors last night, and Robert Hall, George Kauffman and Thomas Ar buckle were the chosen. The company have an arrangement whereby the shareholders vote on the regular pay night, the votes being deposited when they are in the office transacting the business.

It May Do as Much for You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50 cts. for large bottle. At Potts drug store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Potts.

LOST—A PAIR OF GOLD GLASSES, HOOK

and chain attached, between Fifth street and East Market. The finder will be rewarded by leaving them at 2613 Market street.

LUCK FOR THE BATTEBERGS.

The Boys Are All Doing First Rate, Thank You, Just at This Writing.

Fortune is once more looking favorably upon the Battebergs. A movement is afoot in Bulgaria to place Prince Joseph upon the throne occupied for a few brief years by his gifted brother Alexander, and as the present ruler is rapidly losing his popularity, which was never great, the change is not at all improbable. Joseph's brother Henry, the husband of Princess Beatrice, has been again received into high favor by his mother-in-law, Queen Victoria, whom he had offended by fancied slight upon her daughter.

Today we learn that the British admiralty has adopted an invention by Prince Louis Batteberg, who is an officer in the royal navy. Last year, as recorded in The Sun, he devised a new semaphore for signaling aboard ship, which, however, did not turn out to be of much practical use. His second invention, described as a course indicator, has had a better fate. The admiralty, as the result of exhaustive trials, has ordered that the flagships, battleships and cruisers be fitted with it. Many experienced naval officers reported adversely upon this course indicator on the ground that it was calculated to engender carelessness among navigating officers, but the prince's influence naturally prevailed.—New York Sun's European Letter.

SECOND WARDERS.

THE TURKISH CASE LOST.

LONDON, March 5.—The Armenian correspondent of The Telegraph declares that already the Turkish case before the commission appointed to investigate Armenian outrages has completely broken down. The only matter not yet cleared up is the question of who is to be regarded as responsible for the massacre.

Bethlehem Iron Company Sued.

PHILADELPHIA, March 5.—The Harvey Steel company of Newark, N
